AVAILABILITY: All Authorized Triton Distributors and Third Party Service Providers

This bulletin addresses:		Recommended Implementation is:	
	Hardware Service Issues		Now for all affected units
X	**New Kit/Parts Available**		All affected units during next service visit
	Software Announcements	X	Optional
	Technical Tips		No implementation required

DESCRIPTION:

Due to the discontinuation of the PCMCIA Modem, Triton announces the release of the XScale Serial Modem Kit for the FT51xx and RT21xx units as part #**06200-10009**.

This kit will include a programmed main board to replace the current main board. This board can only be used with the USB-serial adapter & the Triton serial modem and should NOT be used for other configurations.

Triton will offer a credit for all repairable main boards returned after the upgrade is complete. If the returned main board is damaged or in non-working order, the customer may be charged additional repair costs.
