DESCRIPTION:

Triton announces the release of Triton Connect 6.0 Service Pack 4 software. This release replaces Service Pack 3 and adds the following new and modified features:

Service Pack 4

- Adds support for TLS 1.2
- Adds the ability to select a date range to more reports

Please refer to the software release notes for hardware compatibility and additional details. Software and release notes can be found on <u>www.tritonatm.com</u>.

Previously releases of Triton Connect 6.0 added the following new and modified features:

Service Pack 2

- Email alerts given higher priority than ATM calls
- Adds support for T9 error codes
- Adds the ability to send load files to CE6 and CE7 ATMs
- Adds the Maximum Withdrawal Amount ISO action

Service Pack 3

- Includes performance enhancements when opening and performing operations within the Terminal Manager
- Improvements to Triton Connect Numbers and Version Numbers Reports
- Fixed Call Viewer crash

DESCRIPTION: (Cont.)

See **Technical Bulletin 15-01** for benefits of upgrading to Triton Connect 6.0. This technical bulletin can be found at <u>www.tritonatm.com</u>.

NOTE: Versions prior to Triton Connect 6.0 cannot update software CE6 4.0.0 or CE7 4.0.0.

If you have questions regarding this Technical Bulletin, please contact Technical Support at 1-228-575-3100 or toll free in the U.S. / Canada 1-800-259-6672. Visit www.tritonatm.com for additional information.
