

TECHNICAL BULLETIN

CONFIDENTIAL

SUBJECT: TECHNICAL BULLETIN: 17-01
RELEASE OF US 4.0.0 SERVICE PACK 2 FOR X2 CE6 AND X3 CE7 **DATE:** JANUARY 05, 2017

Available to all authorized Triton distributors and third party service providers.

MANDATORY SOFTWARE UPGRADE: RELEASE OF US 4.0.0 SP2 FOR X2 CE6 AND X3 CE7

Triton announces the release of X2 CE6 4.0.0 SP 2 and X3 CE7 4.0.0 SP2, which includes EMV updates for the US. This software supports the Sankyo ICM330 dip-style card reader, and adds support for the Sankyo ICT3K7 motorized card reader. Software upgrade can be found at <https://www.tritonatm.com>. Please review release notes for more information. The following load files are included with this release:

Model	Display	File
RL53	10.4"	t-us-xcae-4.0.0.18sp2.tr6
FT53	10.4"	t-us-xcae-4.0.0.18sp2.tr6
RL23	8"	t-us-xcae-4.0.0.18sp2.tr6
ARGO 7	7"	t-us-wtcs-4.0.0.18sp2.tr6
ARGO 12	12.1"	t-us-scsf-4.0.0.18sp2.tr6
ARGO 15	15"	t-us-bcsf-4.0.0.18sp2.tr7
Traverse	8"	t-us-wcse-4.0.0.18sp2.tr6

****Note****

**Must be loaded on top of any US 4.0.0.18 or earlier software version.
The program build after upgrading will be 4.0.0.18f.**

To verify if software has been loaded onto ATM, check program build via Management Functions main menu.

Benefits of Updating to X2 CE6 4.0.0 SP2 include:

- EMV updates for Visa Plus, Discover, MasterCard, JCB, and DNA
- EMV PIN change update
- EMV support for audio transactions
- Rear service panel denomination change and rear service panel cassette close

X2 CE6 4.0.0 SP 2 also includes changes previously released in SP1. See software release notes on www.tritonatm.com for more information.
