

TECHNICAL BULLETIN

SUBJECT:**X4 MODULE BOARDS FOR ARGO 7, 12****TECHNICAL BULLETIN: 22-09****DATE: 11 02, 2022**

Confidential - Available to all authorized Triton distributors and third party service providers

***RELEASE OF X4 MODULE BOARD FOR ARGO 7, 12 FOR US, CANADA,
AND AUSTRALIA MARKETS. ARGO 12 FOR ISRAEL***

Triton announces the release of X4 module boards for all ARGO series ATMs and will begin rolling out the new X4 module in the ARGO 7 and ARGO 12 units. If you have units scheduled, you can contact your account manager to determine if your order will have the new module. See the table below for differences between the X3 and X4 module boards. The X4 module board boasts much faster processing times for CPU-intensive operations, such as boot up, customer transactions, building journals and reports, and larger capacity for ads graphics.

| | X3 | X4 |
|----------------------|-------------------|-------------------------------|
| Operating System | Windows Compact 7 | Windows CE 8 |
